# INSTALLATION

Lay down 100 feet in 5 minutes

## DID YOU KNOW?

Using a rubber roller to tamp down the tape activates the pressure sensitive adhesive, creating a seal with the floor. This significantly impacts the durability & longevity of the tape.

Creates durable floor markings in minutes.

*\*Tape, and tools not included.*

## KAIZEN CART

All you need to maintain your floor markings is ready in one place.

Organize your tools and supplies in a central location to facilitate daily maintenance.

Get your Kaizen Cart free, with the purchase of 100 rolls of Superior Mark™.

## TAMPER CART

This tamper cart is an essential floor marking tool which ensures maximum adhesion to the floor.

Equipped with an 8" rubber roller to help tape conform to uneven surfaces.

Free with the purchase of 50 rolls of Superior Mark™.

## APPLICATOR CART

Equipped with a pedal powered cutting blade, this unique device allows you to mark and go. Create dash marks or solid lines.

- Removes liner as you apply tape.
- Laser guide directs user to install tape in perfect alignment.
