

Superior Mark™ Exit Marking Kit

Installation Instructions

Our easy 9-piece kit creates an eye-catching floor marking to keep exits clear and visible.

Supplies Needed:

Floor Degreaser or Alcohol
Rag or Mop
Tape Measure
Tampers Cart or Hand Truck (optional)

Step 1: Clean floor with an alcohol based cleaner, or Insite Solutions Floor Degreaser.

Step 2: Install the first side of the box, flush with the door plate. Connect the puzzle-cut edges to form the second, third, and fourth sides of the box. Leave the third corner unstuck until the fourth side is ready to join. Adjust as needed.

Step 3: Install the center hash mark.

Step 4: Lay out a tape measure to evenly space the other hash marks.

Step 5: Tamp with tamper cart (optional).
