

Superior Mark™ Floor Marking Kit

Fire Extinguisher

The Fire Extinguisher Floor Marking Kit will help keep fire extinguishers readily accessible without chance of injury to comply with OSHA Regulation 1910.157(c)(1). This floor sign is 17.5" in diameter, with a large red arrow and white image of a fire extinguisher.

Floor Sign Available in:

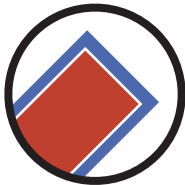

- Vinyl
- Rubber
- Inlaid

Fire Extinguisher Kit can be ordered with 2" or 4" width Superior Mark floor marking tape, with "DO NOT BLOCK" printed on the sides and "FIRE EXTINGUISHER" with an icon printed on the middle.

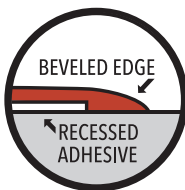

The standard kit comes with two 36" side strips and one 24" center strip of Superior Mark™. Custom dimensions are available upon request.

Puzzle-cut corners for a fully beveled corner joint.

Hangover release liner means installation takes just seconds.

Made with Superior Mark™ **patented** marking tape, which features beveled edges and a recessed adhesive for maximum durability.
